

## Tables and desks

# Minimus

design: Piotr Kuchciński

Minimus collection of tables and desks offers a possibility to create well-designed spaces to work and to hold meetings. With Minimus you can create a functional environment and ensure the comfort of the users, no matter if they need a quiet area to focus on a project or a place for dynamic teamwork. Minimus tables and desks come in small and large sizes and there are different shapes of tops to choose from – rectangular, square or round. Their base is solid - legs made of solid wood or metal profiles, in a variety of colours.

### Additional desk equipment:

- cable ports
- scalloped cut outs - in desks with a melamine board top
- possibility of mounting Etum walls (ET-01, ET-08 mounting)
- cable ducts, front shields, cable management

### Additional table equipment:

- mediaports
- front shields, cable management

### FUNCTIONAL FEATURES:

- simple, lightweight structure
- recessed desktop or tabletop supports which enable convenient mounting of accessories and easy pulling back armchairs

### TOPS:

- top thickness 25 mm
- melamine board, 2 mm edge
- natural veneer – straight or milled edges
- nano-laminate on plywood - milled edges
- HPL on plywood – milled edges
- The corners of desks and tables are straight. The corners can be rounded, as an option for oval and wooden legs

### FRAMES:

- powder coated metal
- top bracket - steel profile 50x30 mm - 2 top brackets for tables, 1 top bracket for each desk

**LEGS:**

• **NK**
